To be completed by PRRA staff: _____ Approved for an attendant: Yes _____ No _____

Comments: _____

PAL -The Personal Attendant for Leisure Card

What is a PAL Card?

For some people with disabilities, it is necessary to have someone's help in order to participate in recreation and leisure activities. A PAL (Personal Attendant for Leisure) Card allows persons with a disability to be accompanied by a personal attendant so that they may participate in designated PRRA programs.

The PAL Card:

1. Identifies that the person named on the card requires the assistance of an attendant to provide the necessary support needed to participate in a program. All regular program fees/registration fees apply.
2. Authorizes that the accompanying personal attendant will not be charged an additional fee. Attendants shall be required to assist the participant at all times when using their PAL card and cannot pursue their own leisure activity. Failure to comply may result in cancellation of the PAL card.

Who is eligible for a PAL Card?

You are eligible if you are a person with a disability and your disability restricts you from performing activities within the range considered normal.

If you have a disability but it's not permanent, you can still apply! If you just had surgery and will need assistance only for a little while you will be issued a "Temporary" PAL Card, as long as you meet the two above requirements.

Participants who require accommodation to participate in a recreation or sporting program, but do not require an attendant, should inform PRRA staff of their needs when registering for that program and/or event. If possible staff members will ensure that requests are accommodated to make sure each participant's experience is enjoyable.

How can I get a PAL Card?

1. Complete the application.
3. Return the application to the PRRA office. Once the application has been approved, a PAL Card will be forwarded to you.
4. You are now welcome to attend designated PRRA programs with a personal attendant.
